This forum provides an exceptional opportunity for Suppliers to network with and gain direct knowledge from VA acquisition leadership and industry peers. Forum participants will learn what VA is doing to improve the contract process. In plenary sessions and facilitated breakout discussions, participants will also have the opportunity to provide specific feedback about these changes and suggest additional actions VA can take to enhance its contracting activities.

Only the first 120 registrants will be able to attend and participate in the forum. After the initial 120 seats are reserved, VA will maintain a wait list and notify registrants if space becomes available on a first come basis.
